

1 ago when a man was seated at the dinner table with his
2 wife and family and the police came around and took him
3 to jail and locked him up because his dog was loose.

4 This is an actual fact. I went down and got the
5 man out from behind bars, where he had been taken and
6 put because his dog was loose, in violation of the
7 municipal ordinance, and the language in the present
8 Constitution just doesn't seem to have filtered down to the
9 people who have got the keys to the jail.

10 THE CHAIRMAN: You have one-quarter minute,
11 Delegate Fox.

12 DELEGATE FOX: It seems to me therefore, that
13 the provision that they are entitled to release terms,
14 other terms as may be reasonable and proper, may be
15 necessary in order to get the intention to really bring it
16 down to the keeper who has got the key.

17 THE CHAIRMAN: Delegate Child.

18 DELEGATE CHILD: How much time do we have, sir?

19 THE CHAIRMAN: Five minutes, Delegate Child.

20 DELEGATE CHILD: I allot three minutes to
21 Delegate Weidemeyer.
